

# Maintenance Agreements

## Features

With 4DM's Maintenance Agreements, INVIA makes it simple to operate at peak performance by providing users with free product upgrades & technical support at no additional cost.

### Product Upgrades

With an active Maintenance Agreement, INVIA automatically sends you new versions of 4DM as soon as they are released - targeted at one release per year.

If you purchased 4DM Integrated, check with your reseller for the timing of their platform and 4DM upgrade.

### Technical Support

When you need a little extra support with any technical or user problems, you can directly reach-out to an INVIA Product Specialist via e-mail or phone during standard business hours.

Our Product Specialists are trained Nuclear Medical Technologists with years of clinical experience.

## Benefits

- Stay current with advancements in technology
- Attain better informed interpretations
- Enjoy constantly evolving, easier-to-use controls
- Remain up-to-date with the newest imaging advances
- Receive answers to all your technical questions
- Save money with INVIA's 3 and 5-year Maintenance Agreement options

Contact INVIA today to discuss your current Maintenance Agreement and its benefits.
